

# Meet the Social Worker:

## About Me:

My name is Ms. McSorley, and I am one of the school social workers for Charm City Virtual East and West Campus. I have worked with many children and their families over the years and am very excited for my first year as a social worker for Baltimore City Public Schools! I am looking forward to working collaboratively with students, staff, and families to ensure they receive the proper support.

## My Role:

Provide individual and group counseling services.

Supports student achievement by implementing strategies that address social/ emotional and behavioral difficulties.

Provide crisis intervention, home visitation, consultation, and program development services.

Provide social work services that strengthen home, school, and community partnerships.

Provides principal, teachers, other school staff, children and their families with information and/or recommendations regarding the individual social and emotional needs of students
